#### New Probe Server Location

We're pleased to announce the addition of a probe server in Tel Aviv, Israel.

Uptime.com probe servers monitor web infrastructure from six continents.

#### Integration Additions

Uptime.com now includes integrations with **JIRA Service Desk** and **Wavefront**.

We've also made improvements to the **OpsGenie** Integration.

#### Recent Updates

Here are recent updates to Uptime.com checks:

- API Checks: Data fields now support up to 4,096 characters for inserting POST/XML/JSON data.
- Transaction Checks: Supports additional JavaScript events.

#### Hipchat Discontinued

Due to the Atlassian and Slack partnership, Hipchat will be discontinued after February 15, 2019.

As a result, Uptime.com will no longer offer this integration. To learn more, check out their official announcement [here](#).

### A final note from the Uptime.com Team:
